

Neodymium magnet system, Steel base body  
 Radial pole pitch  
 Nominal holding force approx. 140 N/cm<sup>2</sup>  
 Magnetic field height approx. 10mm  
 Wearability 7mm  
 Switching travel 180°

|                                                                                      |            |            |      |                                                                                                                                                  |            |           |                                     |                     |       |  |
